RE: Great Lakes Asphalt

Dear Mr. Finton:

On May 31, 1990, I wrote to you regarding your affidavit requesting that you be removed from the PRP list for the Great Lakes Asphalt Superfund Site. In my letter, I noted that there were a number of unanswered questions regarding Great Lakes Asphalt that needed to be resolved. Since I have not heard from you regarding the matters raised in the May 10th letter, pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response Compensation and Liability Act ("CERCLA"), 42 U.S.C. Section 9604(e), as amended by the Superfund Amendments and Reauthorization Act of 1986 ("SARA"), Public Law 99-499, you are hereby requested to respond to the Information Requests enclosed.

Compliance with the enclosed Information Requests is mandatory. Failure to respond fully and truthfully to each and every Information Request within twenty (20) days of receipt of this letter, or to adequately justify such failure to respond, can result in an enforcement action by the United States Environmental Protection Agency ("US EPA") pursuant to Section 104(e) of CERCLA which, as amended, authorizes the United States to seek penalties from a Federal Court of up to twenty-five thousand dollars (\$25,000) for each day of continued non-compliance. Non-compliance is considered by US EPA to be not only failure to respond to the Requests but also failure to respond completely and truthfully to each Request. Please be further advised that provision of false, fictitious, or fraudulent statements or representations may subject you to criminal penalties of up to ten thousand dollars (\$10,000) or up

to five (5) years imprisonment or both under 18 U.S.C. Section 1001. US EPA has the authority to use the information requested herein in an administrative, civil or criminal action. This Information Request is not subject to the approval requirements of the Paperwork Reduction Act of 1980, 44 U.S.C. Section 3501, et seq.

Due to the seriousness of the problem at the Site and the legal ramification of a failure to respond promptly and properly, US EPA strongly encourages you to give this matter your immediate attention and to respond to these Information Request within the time specified above. Your response to the Information Request should be mailed to me. If you have any questions, please contact me at 312-886-7157.

Thank you for your cooperation in this matter.

Sincerely,
